Passionate and detail-oriented Web Developer with a strong foundation in front-end and back-end development. I build fast, responsive, and user-friendly websites and web applications using modern technologies. I enjoy turning ideas into clean, scalable, and high-performance web solutions.

WORK EXPERIENCE

Freelance Web Developer

2022 – Present
Remote

- Designed and developed responsive websites using HTML5, CSS3, JavaScript, React.js, and Tailwind CSS.
- Built custom websites with Next.js for fast performance and great SEO.
- Integrated REST APIs and implemented dynamic features.
- Optimized websites for speed, SEO, and cross-browser compatibility.
- Deployed projects on Vercel, Netlify, and cPanel hosting environments.

Web Developer (Project-Based)

2021 – 2022
Remote

- Developed responsive front-end interfaces using HTML, CSS, JavaScript, and Bootstrap.
- Built single-page applications with React.js and managed state using Context API.
- Connected front-end with back-end APIs and handled data efficiently.
- Implemented authentication, form validation, and CRUD operations.
- Collaborated with clients to deliver clean, maintainable, and user-friendly web solutions.

EDUCATION

Bachelor's Degree (Running)

2021 – Present

University of Dhaka
